

Cones Scribe/Radio Instructions

The Cones Scribe/Radio has 5 tasks (and no opinions):

1. Tell the announcer what competitor is entering:
 - Radio: "Competitor (number) entering."
 - This job may not be necessary if the Announcers sit where they can see the competitor number.
2. At the Judge's command, record ball down in the correct scoresheet box and radio the ball number to the Scorer.
 - Radio: "Ball (number) down." If it is an element of a multi-part obstacle say "Ball (number/letter) down."
 - The radio announcement may not be necessary if the Scorer sits with the judge.
3. At the Judge's command, record time taken and radio the time to the Scorer.
 - Radio: "Time: xx minutes xx.xx seconds"
 - The radio announcement may not be necessary if the Scorer sits with the judge.
4. At the Judge's command - record course penalties, time penalties and total score as given by the Scorer and concurred by the Judge.
5. At the end of the class, get the Judge to sign the scoresheet.

Note: If radio is required it sets the speed of the show. Call as quickly as possible. Speak clearly and quickly using as few words as possible.
